## I will follow you into the dark Death Cab for Cutie

Intro:Em G C G D

Love of mine, Em Someday you will die But I will be close behind I will follow, you into the dark No blinding light Εm Or tunnels to gates of white Just our hands clasped so tight

Waiting for, the hint of a spark

## Chorus:

Εm If heaven and hell decide, that they both are satisfied Illuminate the "no's", on their vacancy signs If there's no one beside you, when your soul embarks Then I will follow you into the dark

Catholic school Εm As vicious as roman rule By a lady in black

Last verse: You and me, have seen everything to see From Bangkok to Calgary And the soles of your shoes Are all worn down, the time for sleep is now

I got my knuckles bruised But it's nothing to cry about Because we'll hold each other soon, in the

blackest of rooms

G And I held my tongue as she told me, "son, fear is the heart of love." G So I never went back

(Chorus)
